REC_DS using C_Week 2_COD_Question 4

Attempt : 1 Total Mark : 10 Marks Obtained : 10

Section 1: Coding

1. Problem Statement

Ravi is developing a student registration system for a college. To efficiently store and manage the student IDs, he decides to implement a doubly linked list where each node represents a student's ID.

In this system, each student's ID is stored sequentially, and the system needs to display all registered student IDs in the order they were entered.

Implement a program that creates a doubly linked list, inserts student IDs, and displays them in the same order.

Input Format

The first line contains an integer N the number of student IDs.

The second line contains N space-separated integers representing the student IDs.

Output Format

The output should display the single line containing N space-separated integers representing the student IDs stored in the doubly linked list.

Refer to the sample output for formatting specifications.

```
Sample Test Case
```

```
Input: 5
   10 20 30 40 50
Output: 10 20 30 40 50
   Answer
   // You are using GCC
   #include<stdio.h>
   #include<stdlib.h>
   struct node{
     struct node*prev;
     int data:
     struct node*next;
   } *head=NULL;
   typedef struct node Node;
   void insertend(Node** lis,int e){
     Node*newnode=(Node*)malloc(sizeof(Node));
     Node*pos=*lis;
     newnode->data=e:
     newnode->next=NULL;
     if(*lis==NULL){
       newnode->prev=NULL;
       *lis=newnode;
     else{
     while(pos->next!=NULL){
         pos=pos->next;
```

```
240707609
                                                240707609
       pos->next->prev=pos;
      pos->next=newnode;
    void display(Node*lis){
      Node*pos=lis;
      while(pos!=NULL){
        printf("%d ",pos->data);
        pos=pos->next;
      }
    int main(){
                                                240707609
       scanf("%d",&ele);
scanf("%d",&n);
for(i=0;i<n::
      display(head);
      return 0;
    }
    Status: Correct
                                                                  Marks: 10/10
```
